MEMORANDUM FOR: Director of Central Intelligence
Deputy Director of Central Intelligence

FROM : SA/DCI/IA

SUBJECT : Meeting with Deputy Secretary Carlucci,
5 November 1982

1. Weinberger is still in the Far East and Carlucci has asked Fred Ikle to join him to the meeting.

2. The following items are on your agenda:

-- Pakistan Redeye Missiles. Carlucci plans to get back to you regarding DoD's assessment of whether and how they can respond to Zia's request for permission to purchase additional missiles.

-- Lebanon. [redacted] has provided you a summary of the results of his trip last weekend. [redacted] Among other things, [redacted] (FYI: Carlucci asked to have an advanced copy of Chuck's report in order to prepare for this discussion. Included in Tab B is a copy of the sanitized version of that report which was given to Mr. Carlucci this morning.)

-- Central America. Part of the reason that Carlucci wants Ikle to be at tomorrow's meeting is that Ikle recently returned from a trip to Latin America and would like to brief you on what he learned. Meanwhile, you may wish to brief Carlucci on the results of Dewey's presentation to Judge Clark yesterday.

-- Cuban Policy Review. Following your meetings today with Dewey and Constantine, you may have some additional thoughts to pass on to Carlucci. Constantine is providing some talking points on his portion of this review.

SECRET

-- Jordan--Arms Sales. You may wish to query Carlucci regarding DoD plans to promote the F-16 and SAM sales to Jordan. Because of the importance of this issue to King Hussein's participation in the President's peace initiative and because a bloody battle is likely to occur on the Hill, Charlie Waterman recommends that we move ahead with an assessment of the Jordanian military needs.

3. Please let me know if there is anything else you wish to have for this meeting.
